Sales Management

## **TODAY IS THE TOMORROW YOU THOUGHT ABOUT YESTERDAY**

The above statement may have no meaning to most, but to a cowman he must keep this in mind, only transpose Today to this year, Tomorrow to next year, and Yesterday to last year. A good cowman plans at least a year in advance, and many think in terms of two or more years in advance.

The significant points I want to emphasize are two: 1. The improvement you make by adding to your herd October 11, 1975 will not produce increased earnings for you until next year. This brings me to point 2. Relate to the current cattle market only to remind yourself that this is the time to buy, since it's a buyer's market, in order that you will be ready, one and two years hence, when the cycle changes, to sell on a sellers market.

This is the soundest philosophy I can dispense. Now is the time to buy. There are some especially good cows selling in this sale, along with the bred and open heifers, and there will be show prospects in the 1975 heifers and steercalves.

Sincerely,

**Joe Gossard  
Sale Manager**

JAF Major 74 4th is registered horned but he is polled and we will have the registration papers changed to be correct. A son of Thornwood Major x out of one of our great cows we purchased from Jim Lucke. We are certain that this bull will grow out to be one of the largest and most correct yearling Shorthorn bulls sold in Michigan this year. If at all possible, we would like to take this bull to the Kentucky National and the International Show in Chicago.

One of our two herd bulls which we have used for the past three years. We have several of his daughters in the herd. We are replacing him with a son of Thornwood Major x in hopes of developing a more uniform calf crop each year. Several of Promise Chess off spring are selling in this sale. Take a look at them, and I am sure you'll agree that Chess is one of the most opportune buys of the year. August 28, 1975 Promise chess weighted 1780 lbs. after he had bred approximately 40 cows this summer.

Lavender's Roan Lady x2203322  
Roan, F. E. Shepard & Son

One of the last daughters of TPS Coronet Leader 30th, she has produced very well for us. We have two daughters and a son in our herd, the son has just been weaned. Due to the fact that we have just weaned a calf from her, she is not carrying a lot of flesh. One of her sons is working in the good Bye herd at Union Mills, Indiana. She was bred April 1st to TPS Coronet Leader 21st, and examined safe in calf to this service. This calf will be a full brother or sister to the Bye bull. We have had this family of cattle better than 40 years. They have always been prolific, good milkers, sound, and excellent gaining cattle.
